

AMCS Global

*Protecting business assets
at home and worldwide.*

Take the next step towards peace of mind for your company.

The Proactive Approach

Building a business is tough. Rewarding? Yes. Challenging? Sure. Easy? Not even close. We understand the amount of work that goes into creating a successful company. And we understand what it takes to protect your company from the **unforeseen accidents** that you'll encounter on your journey.

That's why we created our **3 Step WEBVIEW Monitoring Process**. The document collection, review, and monitoring program that gives you **100% awareness** of your contractual risks and the answers to fix them. Insurance Certificates, OSHA, DOT, Licenses, Franchise Agreements, 3rd Party contracts, **we help you take control**. We keep you informed with up-to-the-second status and access to all of your required documents.

“

AMCS Global provides incredible service as a reliable, trusted part of Shell’s marketing team.

-Craig Walker, Senior Counselor - Shell Oil

”

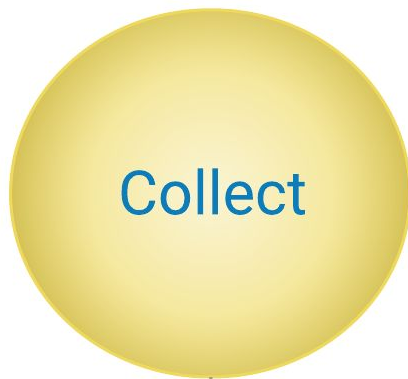

Take control of exposed risks.

--- \$

We’ve helped businesses, big and small, across the world realize the power of being proactive when it comes to their insurance exposures and contractual liabilities. You’re only a phone call or click away from joining a network of successful companies who have used our services to succeed and grow. Visit amcsglobal.com | 501-932-5824

The 3 Step WEBVIEW Monitoring Process

Our team of experts collects all of your required documents.

We inspect the documents and help keep your requirements compliant.

We customize reports for your specific needs and provide instant access to document status.
